Virginia Land and Immigration Co.
The Virginia Land and Immigration Company are about to issue a circular setting forth the objects and importance of the enterprise in contemplation:

"The restoration of labor," says the circular, "or hopeless ruin are the alternatives of Virginians of this day and generation. Any well devised plan, therefore, which promises, with any reasonable assurance of success, the early restoration of labor, should be promptly and cordially adopted, and vigorously prosecuted even at enormous sacrifices if need be. It is a fearful and fatal delusion to hope that immigrants, in numbers adequate to the wants of the State, will, for years yet, come into Virginia and remain merely as hired laborers. But as actual settlers—as landed proprietors, they will only come, and come by thousands, as soon as the way is opened, and facilities for settling are secured to them."

"Virginia land owners," the circular continues, "must subdivide their lands, and in the open land markets of New York and Europe, must their competitors with the land jobbers of the West, in the sale of land to actual settlers. That this can be done successfully, there is not a reasonable doubt. Individual effort, however, is unequal to the task. It can be done only through the efficient machinery of an incorporated company."

"The company will provide capital ample for all its purposes, and will effectively do the work, if land owners will become stockholders by receiving stock in payment of their lands, at such prices as will ensure success."

"The company must first acquire, in the manner proposed, 100,000 acres of land, the quantity to which is unfortunately restricted by the act of incorporation. Every acre of this land is to be sold to actual settlers, on such terms as will induce them to come to Virginia. The profits over and above the price paid by the company, and expenses, will be divided among the stockholders. The fund remaining—that is the original cost of the land to the company—will be re-invested in more land, until by successive sales and re-investments the whole State of Virginia shall be densely settled by an industrious and thrifty population."

"The capital stock of the company is 30,000 shares of the par value of \$50—\$1,500,000. Six thousand shares are reserved for working capital. Twenty-four thousand shares will be issued in payment for lands, on such terms as may be agreed on between the company, and the land owner."

Agencies will be established at New York, Philadelphia, Norfolk, Petersburg, Danville, Lynchburg, Gordonsville and in Fredericksburg, and at such points in Great Britain and Germany as may be deemed expedient. The headquarters of the Company are at Richmond.

LOUDOUN COUNTY.—I give a comparison of the condition of the population of Loudoun county in 1860 and 1867.

You will perceive at a glance that the negro population have decreased very sensibly. In 1860 there were 15,021 white people, and I am informed that the voters listed by the commissioners of the revenue were 3,200, showing ten voters for every 47 white people.

At the same time there were 1,252 free negroes, and 5,501 slaves, and together 6,753 negroes.

At the recent registration there were about 10,000 negroes registered, and, allowing that there were 50 that did not register and counting 50 persons for every ten voters, we would have 5250 negroes instead of 6751, or a decrease of negroes of 1502 persons.

The registration of negroes is full, as there are only 958 above 21 registered for taxation by the assessors, although they had the advantage of the published list of voters to assist them.

The number of white males above twenty years of age is 3,233, which is nearly the same as in 1860, and shows that the white population is as great as it was in 1860, notwithstanding the loss of life caused by the war.

There has not been a trial of any person white or black, for any crime higher than a misdemeanor, for more than twelve months, and there has been but one U. S. soldier in the county for more than that time, and he a Lieutenant, that lost his foot at Spotsylvania Court House. If any county in the United States can show a better record I should like to hear of it.

A BUSINESS PREDICTION.—In reviewing the year, the N. Y. Tribune says:

"We predict that 1863 will be a better year for business than 1867. Let our business men comprehend that prices have fallen and cannot be restored—let them graduate wages and prices to the actual condition—and they may go on, safely, if not very prosperously. Let our business men be content with moderate prices and small profits, and we shall soon be once more on the high road to thrift and prosperity."

This is an old prophecy, and may come true after a while. [We hope, speedily.]

On January 6th, the borough of Columbia, Lancaster county, Pa., held an election for local officers. The Democrats secured a victory, for the first time in twelve years. This is Thad. Stevens's county.

VIRGINIA.—At rules held in the Clerk's Office of the County Court of Alexandria county, on the 1st day of December, 1867, John Howell, plaintiff, vs. William H. Shirley, defendant. The object of this suit is to attach the interest of William H. Shirley in a house and lot of ground on the east side of Washington street, between King and Prince streets, in the city of Alexandria, and to subject the same to the payment of \$24.00, with interest from March 8th, 1860, till paid, due by the defendant to the plaintiff.

The debt, W. H. Shirley, not having entered his appearance and given security according to the act of Assembly and the rules of this Court, and it appearing by affidavit that he is a non-resident of this State, it is ordered that the said defendant appear here within one month after due publication of this order, and do what is necessary to protect his interest in this suit; and that a copy of this order be forthwith inserted in the Alexandria Gazette, a newspaper published in the city of Alexandria, once a week for four successive weeks, and posted at the front door of the Court house of this County.

BALTIMORE LOCK HOSPITAL.
ESTABLISHED AS A REFUGE FROM QUACKERY.

THE ONLY PLACE WHERE A CURE CAN BE OBTAINED.

DR. JOHNSON, who has discovered the most Certain, Speedy, and on y Effective Remedy in the World for Weakness of the Back or Limbs, Strictures, Affectation of the Kidneys or Bladder, Involuntary Discharges, Impotency, General Debility, Nervousness, Dyspepsia, Langor, Low Spirits, Confusion of Ideas, Palpitation of the Heart, Timidity, Trembling, Dimness of Sight, or Giddiness, Disease of the Head, Throat, No e, or Skin, Affections of the Liver, Lungs, Stomach, or Bowels—those Terrible Disorders arising from Solitary Habits of Youth—secret and solitary practices more fatal to their victims than the song of Syrens, or the Mariners of Ulysses, blighting their most brilliant hopes or anticipations, rendering marriage, &c., impossible.

YOUNG MEN,
Especially, who have become the victims of solitary vice, that dreadful and destructive habit, which annually sweeps to an untimely grave thousands of Young Men of the most exalted talents and brilliant intellect, who might otherwise have entranced listening Senators with the thunders of eloquence, or waked to ecstasy the living lyre, may call with full confidence.

MARRIAGE.
Married Persons, or Young Men contemplating marriage, beware of Physical Weakness, Organic Deficiency, Deformities, speedily cured.
He who places himself under the care of Dr. J. may religiously confide in his honor as a gentleman, and confidently rely upon his skill as a physician.

ORGANIC WEAKNESS
Immediately cured and full vigor restored.
This distressing affection, which renders life miserable and marriage impossible, is the penalty paid by the victims of improper indulgence, from not being aware of the dreadful consequences that may ensue. Now, who that understands the subject will pretend to deny that the power of procreation is lost sooner by those falling into improper habits than by the prudent? Besides being deprived of the pleasure of healthy offspring, the most serious and destructive symptoms of both body and mind arise. The system becomes deranged, the Physical and Mental Functions weakened, Loss of Procreative Power, Nervous Irritability, Dyspepsia, Palpitation of the Heart, Indigestion, Constitutional Debility, and Wasting of the Frame, Consumption, Decay and Death.

DR. JOHNSON,
Member of the Royal College of Surgeons in London, Graduate of one of the
